This employment program is made possible with funds from the Minnesota Organization on Fetal Alcohol Syndrome (MOFAS)

Fetal Alcohol Spectrum Disorders is an umbrella term describing the range of effects that can occur in an individual whose mother drank alcohol during pregnancy.

amornes@rise.org
To participate in this employment program, you must:

• be 18 years of age or older
• live in Hennepin or Anoka County
• have a diagnosis of an FASD, display FASD characteristics, or suspect prenatal exposure to alcohol.

The Employment Program offers you a wide range of services to help ensure your success, including:

• Person-centered employment services to identify your strengths, background, job skills, career interests and goals, and the types of jobs you might want to pursue.

Everyone deserves the opportunity to work at a job they enjoy and will be successful in. By going to work, you can add structure to your life, gain a sense of economic security, and live a self-determined life.

Rise, Inc. has partnered with the Minnesota Organization on Fetal Alcohol Syndrome (MOFAS) to deliver high-quality job placement and employment support services that will enable people with Fetal Alcohol Spectrum Disorders (FASD) to excel in today’s competitive workforce and reach their own personal measure of success.

• Opportunities to “kick start” your employment search, including informational interviews, tours of companies of interest, and job interviews.
• Resume and cover letter development, interview skills, and job-seeking skills.
• Job coaching, employment support, and follow-up services.
• A team approach that encourages connections with family members, caregivers, residential providers, and others who support you.
• Knowledgeable staff who understand the barriers individuals with FASD face.
• Benefits planning so you will not jeopardize losing your medical and/or Social Security benefits.
